Ideas which bring about progress

A product for each requirement

Range of MP products

The MP STEP range of escalators and moving walkways goes that one step further in terms of technology, efficiency and adaptability. A wide range of possibilities ensures that each choice fits perfectly, no matter what the specifics of each case may be.

Space, passenger traffic levels and conditions of use cease to be limitations, instead becoming our indicators to determine the best choices. Furthermore, the modular design ensures that the installation is optimised and the product is enjoyed to the full due to its capacity to respond to the specifications of the design.

It is a system which offers very different possibilities with common characteristics, reliability, comfort and optimum performance forming the best basis of the success for any product from the MP STEP range.

As it forms part of our philosophy of excellence and constant improvement, all our products comply with the European Standard EN115 as well as other international codes.

Integration

The efficiency of MP STEP products helps us to offer solutions which are perfectly integrated into their surroundings.

Efficiency

The number of passengers per hour is one of the fundamental parameters when choosing one of our products. Our range includes options which can support very high levels of traffic, offering optimum performance in extremely demanding conditions such as those at an airport or metro station.

Adaptability

The advantages of the MP STEP range extend to other types of products. Each design is assessed as a whole, which allows us to combine different lift solutions, complementing each other to perfection. A team vision which also applies to the overall development of the design.

Reliability

The MP STEP range is backed up by a team of experts who work on each stage of the design development and on the subsequent performance of the product, even from the design of each model. An comprehensive overview which guarantees much more than just a reliable solution, also ensuring happy customers.
